EOS INTERNATIONAL RELEASES EOS.WEB[®] ACADEMIC

New product designed to provide specialized services to expanding academic library client base

(Carlsbad, CA – September 8, 2009) EOS International announced the introduction of the newly developed EOS.Web[®] Academic. The new EOS.Web[®] Academic product will add to the already impressive line of products provided by the leading library automation software and knowledge management solutions company.

Vice President of Global Sales & Marketing Salvatore Provenza helped spearhead the movement towards the academic sector of the ILS industry. “Some of our longest standing and most satisfied clients are our academic libraries. It only makes sense to expand our EOS.Web product line to target the specific needs of educational institutions,” said Provenza.

EOS.Web[®] Academic is configured to specifically manage the demands of academic institutions. EOS International has a client base of academic libraries ranging from large universities to community colleges around the world. Using the powerful foundation modules contained in EOS.Web[®], EOS.Web[®] Academic provides a robust set of tools designed to enhance the librarian’s role as researcher and knowledge manager for the institution.

The current EOS International academic client list contains hundreds of clients, including:

EOS U.S. Academic Clients:

- ROCKY VISTA UNIVERSITY
- CHARLESTON SCHOOL OF LAW
- CARNEGIE MELLON UNIVERSITY
- UNIVERSITY OF MICHIGAN
- WESTERN PIEDMONT COLLEGE

EOS International Academic Clients:

- UNIVERSITÉ LIBRE DE BRUXELLES
- EAST DURHAM & HOUGHALL COMMUNITY COLLEGE
- CHRIST THE KING 6TH FORM COLLEGE
- ISTITUTO DEGLI INNOCENTI
- AMERICAN UNIVERSITY OF ARMENIA

About EOS International

EOS International is a leading world-class library information and knowledge management software and services provider with an impressive client base of libraries across the globe. A client-driven company that has earned the top customer satisfaction award and earned a nomination for the Computerworld Smithsonian award, EOS library automation software products (EOS.Web[®] Express, EOS.Web[®] Enterprise, EOS.Web[®] Academic, and the SaaS EOS e-Library Service[®]) serve the stringent knowledge and content management needs of corporate, legal, medical, government, academic and special libraries of all sizes. EOS International can be found online at <http://www.eosintl.com>.
