**EOS INTERNATIONAL ANNOUNCES THIRTY NEW CLIENTS IN FIRST QUARTER
*2010 starts off strong for EOS International***

(Carlsbad, CA – March 31, 2010) EOS International, a leader in library automation and Software-as-a-Service (SaaS), proudly welcomes thirty new clients. The first quarter sales for EOS indicate corporate stability and growth. Leading in sales this quarter are government libraries, representing 50% of new clients. Academic sales represent 20% as a result of the launch of EOS.Web[®] Academic in 2009. Medical and legal libraries account for 10% independently. The remaining 10% of sales correspond to association, museum, and corporate libraries.

EOS International estimates an overall 36% revenue increase in Q1 2010 from Q4 2009. Salvatore Provenza, Vice President of Global Sales & Marketing, stated, “EOS is proud of its sales accomplishments for the first quarter. It confirms our pledge to deliver value through ground-breaking technology and exceptional customer service. While the overall economy still struggles to regain consumer confidence, we are seeing a rise in system sales and predict steady growth throughout the rest of this year.”

Below is a partial list of new EOS clients:

- King Edward VII Memorial Hospital
- Naval Support Activity – Dahlgren
- Research Medical Center

About EOS International

EOS International is a leading world-class library information and knowledge management software and services provider with an impressive client base of libraries across the globe. EOS International is a client-driven company that has earned the top customer satisfaction award for the past three years and earned a nomination for the Computerworld Smithsonian award. EOS library automation software products (EOS.Web Express, EOS.Web Enterprise, EOS.Web Academic, and the SaaS e-Library Service) serve the stringent knowledge and content management needs of corporate, legal, medical, government, and academic libraries of all sizes. EOS International can be found online at <http://www.eosintl.com>.
