EOS International to Attend Special Library Association Conference

EOS will exhibit and host two events at this year's SLA Event

(Carlsbad, CA – June 1, 2011) EOS International announced that it will exhibit at this year's Special Library Association (SLA) conference, taking place in Philadelphia, PA June 12-15, 2011. In addition to being exhibitors, EOS will also host a Seminar and Client Reception on Monday, June 13, 2011.

The EOS International Seminar will take place at 8:30 a.m. in the 204A Room of the Pennsylvania Convention Center. This event is designed for individuals interested in learning more about EOS International and the products and services it has to offer to special libraries. Our EOS Seminar will feature special guest speaker and valued client, Sandra Crumlish from St. Jude Medical. During her portion of the EOS Seminar, Sandra will share and discuss her history and relationship with EOS International and how it has evolved through the years, accomplishments she and her library have achieved with their EOS.Web solution, why KnowledgeBuilder and Indexer have been so crucial to her library's success, FAQs about using Reference Tracker, and the future of libraries from the librarian's perspective.

EOS will also host an EOS Client Reception for an evening of refreshments and discussions about the latest enhancements to their EOS.Web products. The Client Reception will take place at 6:00 p.m. in the 407-408 Room of the Philadelphia Marriott Downtown.

“We always look forward to attending SLA’s annual conference. Attending SLA gives us the opportunity to meet with our prospects, partners, and clients in the Philadelphia, PA area, so that we can better understand their needs and share the latest capabilities of EOS.Web”, states Salvatore Provenza, Vice President of Global Sales and Marketing. “EOS International is committed to offering an unbeatable product, coupled with unparalleled customer service; and we look forward to demonstrating our commitment to both our clients and potential clients at this year’s Special Library Association conference.”

EOS will be showcasing their new Web OPAC Discovery product and giving each attendee at the Seminar and Client Reception a free copy of EOS’s new 300+ page book, "The Digital Library Survival Guide".

EOS International will also exhibit at American Library Association and American Association of Law Libraries conferences in 2011. More details regarding these events will follow.
