EOS International to Exhibit at the CILIP Event: "LMS Suppliers Showcase Autumn 2011"

(Carlsbad, CA – October 17, 2011) EOS International, a leader in cloud computing library automation, announced that it will be exhibiting at the CILIP Event: "LMS Suppliers Showcase Autumn 2011" on November 4, 2011 at CILIP in London, England.

The Showcase gives library and information professionals the chance to meet with specialized suppliers in an informal, relaxed, 'non-sales' environment. Registration is free for visitors to attend, and refreshments are supplied all day from 9:00am – 4:00pm in addition to a sandwich lunch from 12:00pm – 2:00pm. Visitors can drop in throughout the day and discuss their needs with a number of different vendors in one place.

"The 2011 CILIP Event will provide a great opportunity for EOS to meet with our potential clients and current clients in the UK," says Tim Twine, Managing Director. *"As an international software company, we value input from all our clients."*

To register for the event, please [click here](#).
